Marriage Notes for ALFRED STAMPER and FLORANCE THOMAS:
Alfred Stamper died aged 93 in 1951. Alfred's wife Florence died in 1959 aged 76.
When the children were small, Florence was drying clothes in front of an open fire, when the clothes caught alight. She grabbed the clothes to put them out and was burned up both arms and across her chest. She rushed into the bathroom and turned the shower with cold water on to the burns, but still was very badly scarred and always from then on frightened of fire.[Stone.FTW]

Marriage Notes for STELLA JOHNSON and ALLAN EDNEY:

Stella & Allan married in 1951. They had four sons who gave them so much pleasure. They lived in a very old hom in Peart Street, Leongatha for 15 years, before building in Turner Street Leongatha, where they lived for a further 16 years or so. They led a busy life, with Allan in a motor car business for 40 years in Leongatha. Both were interested in sport, tennis, water skiing and golf. Allan was also interested in car racing, rallies and hillclimbs. Allan held the Australian Hillclimb Championship at one stage. Stella often helped in the garage cut and painted for about ten years.

They bought a farm in the early 1970's, next to the Leongatha Golf Club. They built in 1981 and have lived there for 25 years in October 2006. In 1986 Allan retired from business, and as the saying goes "knocked off work to carry bricks" as their life got busier, having bought three more farms, two on Flinders Island.

Stephen (their third son) and his wife were managing the Flinders Island farms, but Kathleen preferred to live in Victoria, so Stephen had to relocate too of course. They then had to make a big decision to either sell the farms on Flinders Island, or as Stephen suggested, Allan learn to fly. So he gave Allan a lesson in flying and Allan thought that rather ridiculous. But he did enjoy it, and at age 61 years, he gained his pilot licence, and has flown over 1,000 hours to Flinders Island, and over Bass Strait at least 400 times! They are both involved in cooking for the shearers and cattle workers etc. They have recently sold the farms on Flinders Island and now fly for pleasure.

Stella & Allan are involved with a group who do trips around Australia in a Safari type situation.

Usually 5 or 6 other planes and upwards of 20+ people. There is not much of Australia they have not seen.[Mathew White.FTW]
